LUXURY WOOD FINISH

Special Effects Metal Effect

Sophistication and Elegance
in Interiors with Metal Finishes

LUXURY WOOD FINISH

Metal has the merit to give that touch of luxury, originality and brightness to any place. The metallized effect allows to reproduce, as accurately as possible, the shade of different metals.

Gold and Silver for a refined and timeless choice, Bronze for a vintage effect and Aluminium with an elegant and almost retro charm.

Polyurethane PU Finish

Known for its aesthetic appeal and inspiring elegance, it is available in both matt and gloss finish in clears, whites and 2200+ shades using tinting machine. It has best in class scratch, heat, stain and chemical resistance.

Acrylic Finish

This finish provides best in class transparency, elasticity and resistance to yellowing. Available in matt and gloss finish and are suitable for both interior and exterior surfaces.

Polyester Finish

It offers a mirror like gloss finish. It is particularly suitable for application where high film thickness is required. The finish is rebuffable for restoring the gloss after a few years.

Water Base

Specially formulated to provide reduced emissions and most suited for renovation projects and exterior applications due to their higher durability. It has higher coverage and shorter application time. Overall the finish is both user and environment friendly.
