

DIRECTIONS FOR USE

- 1 SURFACE PREPARATION:** Sand the wooden surface with Emery Paper No.180 followed by Emery Paper No.220. Wipe the surface clean. For pre-polished wood, remove the coating by scraping or sanding. Apply Water Based Impregnator by brush, spray or rag for protecting the wooden surface. Do light sanding with Scotch-Brite.
- 2 SEALER APPLICATION:** Apply Water Based Exterior Sealer on the above surface by brush or spray. Recoat after drying of 4-8 hours. Sand with Emery Paper No. 320/400 in between coats.
- 3 TOP COAT APPLICATION:** Apply Water Based Exterior Topcoat by brush or spray. Recoat after drying of minimum 12 hours. Sand with Emery Paper No. 320/400 in between coats. Apply 2-3 coats.
For SELF SEALER INTERIOR, apply on the sanded wooden Surface by spray. Recoat after drying of minimum 12 hours. Sand with Emery Paper No. 320/400 in between coats. Apply 2-3 coats.

Stir well before use

Refer to product datasheet

WATER BASE - EXTERIOR GRADE

Water Based Impregnator protects the wooden surface and locks the tannin from the wood. The sealer has high solid content, good covering and sanding properties. The finish also has excellent filling properties and offers optimum resistance to weather exposure.
